

**COVID-19 Statement – 9.9.20**

At KMC Studios our top priority is the health and safety of our dancers, staff, and families. We are so excited to be back dancing and are humbled by the trust you have shown us. This is a very fluid situation and things are changing daily but rest assured we will be monitoring things and will adjust, as necessary. At this time, we want to thank all of our KMC family for following our safety protocols by wearing a mask when in the studio, using hand sanitizer, social distancing and keeping the traffic in and out of the studio to a minimum. Should you have any questions or concerns please do not hesitate to reach out to one of the Teachers.
